

HEALING MINISTRY

We offer ourselves as instruments of God's Healing power to bring wholeness to mind, body and spirit through prayers and laying on of hands.

Another year has come and gone and the Healing Ministry continues to actively serve the Lord, and bless our parish, Sunday after Sunday and at the healing services. To the glory of God we have received testimonials of thanksgiving and praise for prayers answered.

As members of the body of Christ, we make ourselves available to the Lord through prayers and fasting while waiting patiently with expectation for more revelation from the Holy Spirit.

Last June and August of 2016, members of the healing team along with Rev. Michelle attended a four day intensive training school held at St. Luke and St. Thomas and Becket Catholic Church under the direction of Henri Lemay of the International catholic charismatic renewal services.

We took part in 2 different levels of study.

1. The foundation of the healing ministry: the authority of the Christianbeliever using the name of Jesus, healing of the image of God, and physical healing. \

2. Inner healing: Spiritual transformation of judgement, bitter roots, inner oaths, anger against God, and victims of abuse.

These courses were taught in depth, giving us a better understanding of the issues that arise in life and the work of the Holy Spirit working in us to bring about the healing that we need in ourselves and equipping us with more knowledge to better serve in the healing ministry.

On a more personal note, this experience has been an eye opener for it has made me a stronger Christian giving me a deeper understanding of our fragile nature, but at the same time giving me the confidence of knowing the power to heal us is available in Christ through the Holy Spirit.

Another way in which we seek to bring honor and glory to his name is through our annual BBQ and this past summer was no exception.

We broke bread and had fellowship with new and old friends from our parish family and those in the community. The blessings we received went both ways. Hearts were open and love flowed from one to another with grateful thanks and praise to Him who makes all good things happen. What a joy it is to serve the Lord!

Friends, we encourage you to continue in the faith and hope we have in Christ who has promised to heal our illnesses and bind up our wounds.

On behalf of the healing Ministry of St Mikes, I pray that everyone will have a Happy New Year filled with many spiritual blessings

Respectfully Submitted by,

Theresa Scott-Hull
