

WEB SITE REPORT

Our web site has now been on line for nearly sixteen years and at last check had had over 38,000 visitors to the site. This is a ministry which gives me great pleasure and I am always looking for new ideas to add to the site so please don't be shy. I am looking to you all for inspiration! Does anyone have any ideas as to what they would like to see on the site or is there anything you just don't like to see there?

I post photographs of most of the events which are held at the church which, I think, can show parishioners a taste of what goes on at St Mike's. This year I decided to streamline the site a little and now keep photos on the site for just about a year. I do still have all these photos on my computer so they are still available to anyone who needs them.

When there are any updates I usually advise parishioners by email of what's new and also of any news that needs to get out to all. So if you are not receiving these emails please send me an email to jacquidavies@videotron.ca and I will add you to my list.

Respectfully submitted

Jacqui Hoitz
